

Reunión Científica: Economic Challenges for Energy. 6º Workshop Anual de Economics for Energy

Madrid, 28 y 29 de enero de 2016

DAN DORNER

Dan Dorner is a lead author of the IEA's flagship World Energy Outlook publication, as well as several of its special reports, including Energy and Climate Change, Africa Energy Outlook, Redrawing the Energy-Climate Map, Iraq Energy Outlook and Are We Entering a Golden Age of Gas? He also leads the IEA's work on energy access and its engagement with the UN Sustainable Energy for All initiative. Prior to joining the IEA, he was a Senior Economic Adviser at the Treasury in the United Kingdom where, most recently, he led a team of analysts working on global commodity markets and the economies of the Middle East, North Africa and the former Soviet Union.
