

Reunión Científica: Developments in Energy Economics. 6º Workshop Anual de Economics for Energy

Madrid, 28 de enero de 2016

JOSÉ M. LABEAGA

José M. Labeaga is PhD in Economics from the Autonomous University of Barcelona and professor of economic theory at the Spanish Open University, UNED. He has been general director of the Spanish Institute for Fiscal Studies and director of the FEDEA-BBVA research chair on new consumers. His main research interests lay in the analysis of individual behavior in consumption and labour decisions, and on the simulation and assessment of the effects of different public policies. He has served in the board of different organizations and journals, and has published the results of his research in the main academic journals of his field. José M. intensely collaborates in the research of Economics for Energy in the area of energy demand.
