PROFESSIONAL ACTIVITIES

Didactic activity for the School of Medicine and Biomedicine at the University Hospital of Wuerzburg.

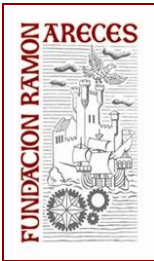

Member of the following scientific societies: Italian Society of Endocrinology 2002-2010. Endocrine Society since 2006. European Society of Endocrinology since 2006. European Association of Cancer Research 2008-2009. European Network for the Study of Adrenal tumors since 2010.

Referee for several scientific journals.

Experience in several clinical trials as "sub-investigator".

MAIN FIELDS OF SCIENTIFIC INTEREST

Pituitary diseases: Patho-physiology, clinic and therapy of pituitary tumors, GH excess and deficiency.

Simposio Internacional: Enfermedades raras endocrinas, de la investigación al manejo clínico

International Symposium: Rare endocrine diseases, from research to clinical management

Madrid, 22 y 23 de octubre de 2015

Madrid, October 22-23, 2015

CV

Neuroendocrinology: Therapeutic applications of somatostatin analogs. Regulation of ghrelin secretion.

Adrenal diseases: Patho-physiology of adrenocortical tumors and Cushing Syndrome. Prognostic markers and novel therapeutic options in adrenocortical carcinoma.

SCIENTIFIC PRODUCTION

61 publications on peer reviewed journals (45% as first Author): 58 original papers and 3 reviews.

More than 110 communications at National and International Congresses.
