

Simposio Internacional: : La biología de las redes proteicas: el interactoma y sus implicaciones patológicas

International Symposium: Biology of protein networks: Implications for human disease

Barcelona, 6 y 7 de octubre de 2015
Barcelona, October 6-7, 2015

JÖRG GSPONER

University of British Columbia. Vancouver. Canadá.

Our lab is interested in the development of new computational tools to determine the structures of proteins and protein complexes with a view to gain a comprehensive understanding of the dynamics of cellular signaling and how this vital process is affected in neurodegenerative disorders or cancer.
