

Simposio Internacional: Evolución por cooperación. La obra de Lynn Margulis (1938-2011)

International Symposium: *Evolution by cooperation. The work of Lynn Margulis (1938-2011)*

Madrid, 12 y 13 de noviembre de 2012

Madrid, November 12-13, 2012

Alexander Pudovkin

Chief Scientist, Head of Genetics Laboratory at the Institute of Marine Biology, Vladivostok, Russia (1971-2007), Emeritus (2007-present). Was a member of the Editorial Board of the Soviet (Russian) Journal of Marine Biology (1975-2010). He has chaired, among others, the Symposium on Population and Evolutionary Genetics at the 12th International Congress of Genetics (1978, Moscow, USSR), Symposium on Genetics of Marine Organisms at the 14th Pacific Congress (1979, Khabarovsk, USSR). As a Visiting Research Professor worked on many occasions (1994-2004) at Bodega Marine Laboratory, University of California, Davies, USA. In 1988-1989 worked at the Institute of Scientific Information (Philadelphia, USA) and since then was involved in scientometric studies, published a few papers in this field co-authored with Dr. Eugene Garfield. The "Related Journals" option at the Web of Science was an implementation of their results, published in the Journal of the American Society for Information Science and Technology (2002). In co-authorship with E. Garfield and V. Istomin developed a software package HistCite freely available for the subscribers of the Web of Science.
