

Simposio Internacional: Microorganismos beneficiosos para la agricultura y la protección de la biosfera

International Symposium: Beneficial Microbes for Agriculture and Biosphere Protection

Madrid, 20 y 21 de mayo de 2013

Madrid, May 20-21, 2013

CV

Bernard R. Glick

B.Sc. (Chemistry) The City College of New York

1969

M.Sc. (Biochemistry) University of Waterloo

1972

Ph.D. (Biochemistry) University of Waterloo

1974

Academic Awards:

Canadian Council of University Biology Chairs, Career Achievement Award

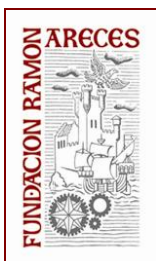

2010

Experience since graduating (in chronological order):

<u>Year</u>	<u>Position or rank</u>	<u>Institution</u>
1974-1978	Post-Doctoral Fellow and Research Associate	University of Toronto
1978-1979	Research Associate	National Research Council, Ottawa
1979-1982	Group Leader, Molecular Genetics & Biochemistry	BIO LOGICALS, Inc., Toronto
1982-1989	Associate Professor	University of Waterloo
1989-present	Professor	University of Waterloo
1990-2012	Visiting Professor	16 universities in Scotland, England, Israel, USA, Thailand, Sweden, Ireland, France, Korea, Czech Republic, Mexico, Portugal, Italy,
2002-2008	Chair, Dept. of Biology	University of Waterloo

Lifetime total of people supervised:

4th year students:	46	Post-doctoral fellows:	16
M.Sc. students:	32	Technicians:	14
Ph.D. students :	23	Visiting scientists:	27

Simposio Internacional: Microorganismos beneficiosos para la agricultura y la protección de la biosfera

International Symposium: Beneficial Microbes for Agriculture and Biosphere Protection

Madrid, 20 y 21 de mayo de 2013

Madrid, May 20-21, 2013

CV

Summer students

14

Service

- Refereed manuscripts for 77 different journals in the past five years
- Refereed grants for 14 different agencies from six different countries in the past five years
- Thesis examiner for five Ph.D. theses in the past five years
- Taught ten courses in "Molecular Biotechnology" in five different countries
- Editorial Board member or Section Editor for FEMS Microbiology Letters, Journal of Environmental Biotechnology, The Open Biotechnology Journal, and Biotechnology Advances

Lifetime Publications

Publications in last 5 years

- | | |
|---|---------|
| • Papers and Chapters Published or in Press | 296 |
| • Manuscripts Submitted | 5 |
| • Books Edited | 2 |
| • Books Reviews | 4 |
| • Scientific Reports | 6 |
| • Non-Refereed Publications | 8 |
| • Citations to publications | ~16,500 |

Books Authored

1. "Molecular Biotechnology" fourth edition, Glick, B.R., Pasternak, J.J. and Patten, C.L. 2010. American Society for Microbiology, Washington, D.C., 1000 pages.
2. "Biochemical and Genetic Mechanisms Used by Plant Growth Promoting Bacteria", Glick, B.R., Patten, C.L., Holguin, G. and Penrose, D.M. 1999. Imperial College Press, London, 270 pages.
3. "Medical Biotechnology", Glick, B.R., Delovitch, T. and Patten, C.L. 2014. American Society for Microbiology, Washington, D.C., ~700 pages.
